PROPERTY CONDITIONS

Excellent conditions with no defects

Very good conditions with very minor defects

Good conditions with minor defects that do not impact use

Some defects with minor impact on use

Serious damages that negatively impact use

Major damages that compromise use of campground

NOTES: The facilities and grounds are in fair condition. Landscape grooming in the camp site areas was a little less than par. Tidiness of some long-term camp sites needs improvement.

General Comments: Staff is very friendly and accommodated requests and package deliveries. The back of the park is adjacent to I-65 which produces significant road noise. Similarly, the back of the park has very little tree coverage with full sun exposure during the morning and early afternoon. Sites were very tightly spaced with neighbors' hook ups right off the adjacent sites' patios.
